

We are a new generation IT Consulting & Managed Services provider, helping our customers to optimize their IT investments. We engage with customers to unearth bottlenecks in the current IT operating ecosystem. We now have few fortune-100 customers in our clientele.

We have found the most number of **bugs** and the enhancements during our recent work engagements.

We are set to manage and run the pre-sales, consulting engagement and global implementations, running the entire technology as whole, for one of the most innovative Indian start-up and fastest growing SD-WAN in world, **Lavelle Networks.**

We have tied up to initiate and implement **Hx-central**, hospital operations management system, in large hospitals across India, Asian and middle-east region.

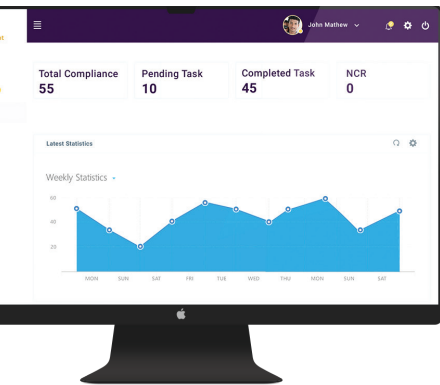

We are the R&D partner, deploying the technology of **Rubric** and doing consulting on the backup technology for India for one of the fastest growing backup implementing organization in world, with 3.3.B dollar growth in past 4 years.

## New Wins

- Started comprehensive IT Assessment to derive deep-dive Observations and Develop & Design the future IT Strategy & Technology Roadmap for the number one bank in Kerala, being the first co-operative bank to have 8-8 core banking.
- Got engaged to provide consulting services for a premier supply chain organization known worldwide with more than 40 years of experience in global production, sourcing and logistics.
- Providing consulting services for an American multinational computer technology corporation- the no. 1 provider of business software, and for a British multinational groceries and general merchandise retailer which is the third-largest retailer in the world.
- Kick-started the INSEED program with a Japanese multinational corporation. INSEED is an honest attempt to execute our strategic investments to realize the Incubation Programme and create an Centre Of Excellence (CoE) for IT Information Security along with a state of the art LAB in collaboration with Industry Experts and Tech Gurus.

# What's New?

We have launched our new product:  **COMPLYment**

COMPLYment is a Compliance Management System. It helps managing compliance by configuring and monitoring compliance tasks across organizations. It reminds stake-holders of approaching tasks and felicitates global audit.

COMPLYment provides flexibility for managing and tracking the necessary compliances as per various standards like PCI, ISO, HIPAA etc. It is designed to simplify the gap analysis process and required mitigation, to attain the desired compliance level for organizations.

Visit us at : [www.complyment.com](http://www.complyment.com)

We are now **ISO/IEC 20000-1: 2011 and ISO/IEC 27001: 2013** certified. This achievement stands intact to demonstrate our commitment to provide a high quality and strong customer service.

We shall serve you with the best solutions!

Let's all be proud to be an upstart company with a stupendous headquarter

We have moved to a **New Office** in Bellandur, Bangalore with a view to expand and build credibility for the forthcoming business opportunities w.e.f. 01 March'19.

Join hands and applaud for

**Jayakrishnan Menon, Pallavi BS, Vinu Divakaran, Abhishek Yadav, Aditya Agrawal, Anand Patil, Manjunath PS**

for their hard work and contribution in new office setup.

**You have worked hard!**

A successful corporate team outing helps to solidify bonds between colleagues, brings all closer with opportunities to communicate and collaborate outside of the workplace eliminating all communicative boundaries that otherwise exists. We are so thrilled to have enjoyed the splendid experience in Kanva Star Resort, during the team outing of Boomerang' 2019.

*Dancing  
All Night*
