

IT Infrastructure Technology Transformation

Skillmine has deep expertise & experience in IT Infrastructure, Data Center, and Cloud transformation with proven track record enabled by industry best practices & innovations across technologies.

What We Do:

- ▶ Customize solutions to fit your Business
- ▶ Best of breed technology solutions for the best computing experience
- ▶ Technology innovations that deliver your desired Future Mode of Operation (FMO)
- ▶ Proven best practices, tools, and techniques driving consistency in solutions
- ▶ "Time-to-Value" based on automated methods and streamlined transformation
- ▶ Transparency, governance, and control as a basis for success
- ▶ Global expertise and local delivery capabilities

Our Capabilities

Microsoft

- Microsoft Exchange Design & Implementations
- Windows Active Directory Design Implementation
- Microsoft 2003 to Windows 2012 Migrations
- Microsoft Terminal Services / RDS
- Microsoft Clustering
- Automated Desktop Migration
- Microsoft System Center Solutions
- Microsoft Hyper V
- Microsoft Sharepoint
- Microsoft Skype for Business Solutions Implementation
- Microsoft Rights Management
- Microsoft Office 365

SAN

- Design & Implementation of FibreChannel Storage, including Switches & Fabric
- EMC Storage Solutions
- EMC Replication Solutions
- HP Storage Solutions
- Hitachi Storage Solutions & Storage Virtualization
- Storage High Availability Solutions
- NetappSolutions
- Storage Mirroring
- Virtual SAN
- NAS
- DAS
- Object Level Storage Design

Virtualization

- VMware vSphere
- VMware SRM
- Enterprise Design & Architecture
- Migration Planning
- Citrix Virtualization Solutions
- Citrix VDI Solutions
- Microsoft Hyper
- Virtualized DR Solution
- Hyper-V Automation & Orchestration

Networks

- Network design, planning and implementation
- Network and Communication troubleshooting
- Routing LAN/WAN Interconnectivity
- Network Access/Distribution & Core switching design & implementation Firewall & VPN Technologies
- Wireless Networks & Encryption
- Cisco Nexus Switching
- Cisco Wireless
- Juniper Solutions
- Citrix & F5 Content switching, Load Balancing
- Cisco & Avaya Voice Solutions.

End User Compute

- Desktop Migration
- Package Automation
- Endpoint Security & Management
- Symantec
- MacAfee
- Dhruva
- Endpoint Encryption
- Microsoft System Centre Client Management Solution.

Miscellaneous & Project Services

- Project Managers
- Service Delivery Managers
- Programme Managers
- Technical Design Architects
- Solutions Design Architects
- Cloud Services
- Enterprise Mobility Management
- Datacenter Optimization
- Cloud Readiness Assessment
- Infrastructure Gap Assessment
- Enterprise File Transfer & Collaboration Solutions
